## Dhikr Counting Game

Have you come across the game 'Fizz Buzz'? This is where a group of people sit in a circle and start counting in turn. When someone comes to a number in the 3 times table, they say 'fizz' instead and if they come to a number in the 5 times table, they have to say 'buzz'. When they get to a number which is in both the 3x and 5x table, they say 'fizz-buzz'. So you would count like this:

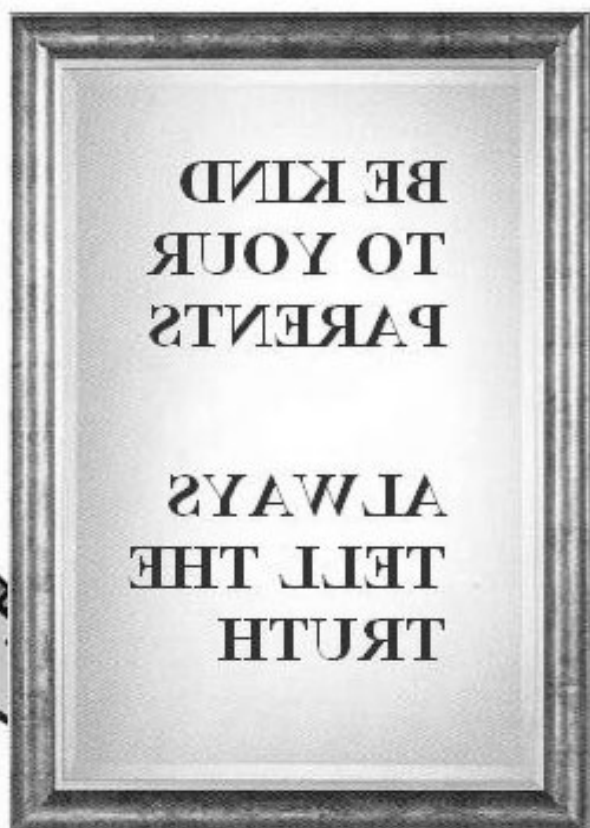

*One, two, fizz, four, buzz, fizz, seven, eight, fizz, fizz-buzz....* And so on. Whenever someone makes a mistake, they are out of the game. The winner is the only one left who hasn't made any mistakes.

Now try the game with Subhanallah 'How perfect is Allah' when you get to a number in the 3x times table, and Alhamdulillah 'All praise belongs to Allah' when you get to a number in the 5x table.

If you want to make it more difficult, you could say Allahu Akbar 'Allah is great' when you get to a number in the 7x table.

What a beautiful way to remember Allah! Remember, whenever you mention Allah's Name, say it from your heart, not just with your tongue.

*Can you find two important messages hidden in the mirror?*

## Competition

The Muslim Weekly is inviting you to send in poetry, articles and any other written work.

The best ones each week will not only be published in the newspaper, but the writer will also receive a prize!
